

# RGK6

## 54MM ALUMINIUM TWISTLOCK KARABINER RGK6

**The large gate opening of the RGK6, make it ideal for use in industrial areas.**

The use of this karabiner often negates the use of a sling as it can connect directly to steelwork/scaffolding. Often fitted to double lanyards for climbing masts and steel structures. This karabiner is fitted with a twistlock closure which locks automatically.

It also has the option of fitting a captive pin allowing permanent fixture to the lanyard.
