RTL A1

SHOCK PACK TOOL LANYARD WITH CHOKE LOOP

The RTL A1 is a shock pack tool lanyard with a choke loop for tool attachment. It is suitable for tools up to 5kg in weight.

Our shock absorber range of lanyards is the pinnacle of our range of tool lanyards, offering unrivalled fall protection built in.

If a user drops a heavy tool while working at height, there is a very real danger that they could be pulled off a ladder or platform by the falling tool. Our shock absorber is specifically designed to reduce that risk.

Web material: 20mm water repellent polyester

Length: 210mm choke loop

Webbing strength: >1000kg

Tool attachment: 210mm choke loop

Shock Absorber

Choke loop
