RTLX1

TOOL TIE WITH BOLT TIGHTENING (PACK OF 5) FOR USE WITH RTLW 1/2/3

The RTLX1 is a Tool Tie which can be tightened around a tool without an opening and used in conjunction with one of our webbing connectors (RTLW1-3).

Just one of our comprehensive range of connectors which make connecting your new or existing tools to our tool lanyards safe and easy, whatever the method.

Length: 240mm

Width: 10mm

Closure type: 7mm Hex bolt

Hex bolt
