

RGS11

DRY BAG 20-25L RGS11

Protect your equipment against the elements with our rugged, waterproof roll top dry bag.

Manufactured from hard wearing waterproof PVC.

This dry bag has colour coded rope tie-offs and connections points in the bag making it perfect for rescue kits.

At a maximum capacity of 25l when closed (minimum of 3 rolls), this bag offers a lot of space for your essentials. Ideal for general height safety equipment or a wet adventure.

The bag can be securely closed either by rolling the top of the bag and clipping together or securing the roll top to the additional side straps.
